 - a. Question on whether electronic ballots were appropriate surfaced. This year, email ballots were solicited from those who couldn't attend the annual meeting. This was done in an effort by the current board to be fair to the "snowbirds" who hadn't returned yet to the community. It was reported that inclusion of email votes did not affect the results. The discussion included that there were specific words in the club "constitution" that voting was by in person attendees. The topic was tabled for resolution by the incoming board.
